Re: Volleyball Champions League 2020 and Onward

Dear President,

Following the 2019 CEV European Champions League season with the outstanding Super Finals event in Berlin, we would like to continue the dialogue with representatives of clubs who have recently or since many years profoundly contributed to the Volleyball Champions League.

As agreed during last years' CEV Champions League Forum in Luxembourg, we are all aiming to make the Champions League a more valuable and public product, providing all stakeholders appealing financial and promotional opportunities, offering to the fans and the media an irresistible experience, worth following.

Based on the discussions and conclusions during the Forum in 2018, we have implemented concrete actions and measures in this year's edition of Champions League and the CEV is investing serious resources in order to increase the popularisation and value of our best clubs' product. However, we can only be successful if we join forces and act all together as one team.

Bearing this in mind, our determination is to continue discussions on our joint steps in future. Based on the result and investment, number of spectators, sportive performance and the number of times they have participated in the Champions League over the last ten year, we have selected various top clubs from across Europe.

We are therefore happy to invite you and a representative of your Club to the continuous dialogue event that will be held on 27 June 2019, in Luxembourg.

The open discussion should yield strategy to strengthen our European product by attracting more fans, media and commercial partners to the best Volleyball club competition in the world. This is to be achieved by developing concrete actions and responsibilities of the various stakeholders as one team.

This event will open with an official dinner on 26 June at 20:00h, continuing with the Continuous Dialogue on 27 June, from 09:00-16:00h.

Please note that CEV will cover the expenses of your stay in Luxembourg for you and the accompanying person. Thanking you for your kind attention and cooperation, we would appreciate your feedback at your earliest convenience, best before 3 June 2019.

Confident of your on-going active contribution for the good of our beloved sport, we look forward to welcoming you in Luxembourg.

With my best personal regards,
